Sandringham Sixth Form - Course Confirmation

Section 1: Exam Results

Please record ALL of your exam results in the table overleaf. You will need to enter every subject you have studied as well as the grade you achieved. (e.g. GCSE: 9 - 1 / BTEC or CTEC: Pass - Distinction.*)

- If you studied COMBINED SCIENCE you will need to record two grades (e.g. Combined Science 7 / 7).
- If you studied TRIPLE SCIENCE you will need to record three individual grades (e.g. Physics 7, Chemistry 8, Biology 6).

You will need to enter the points score for each subject you have studied.

- GCSEs: use the grade you achieved (e.g. Grade 7 equals 7 points)
- BTECs / CTECS: Pass = 4, Merit = 5.5, Distinction = 7, Distinction* = 8.5

Section 2: Average Points Score (APS)

Next, calculate your Average Points Score (APS) by adding together all the points for your grades and then dividing by the number of subjects taken.

Please note that we expect a minimum of 8 GCSEs (or equivalent) to be used in this calculation. To find your APS where fewer qualifications have been sat the total point score should be divided by 8.

Example:
Eng. Lang 8, Eng. Lit. 7, Maths 9, Chemistry 7, Physics 7, Biology 7, Art 7, French 7, P.E. 7, & History 9
The total points for the ten subjects are (8+7+9+7+7+7+7+7+7+9) 75/10 = 7.5 APS

Students must meet the Entry Criteria and Average Points Score for their chosen pathway as shown below.

APS	Pathway	Example
APS: 7+	Pathway 1: Four A Levels	Four A Level courses (e.g. Further Maths)
APS: 6 - 6.9	Pathway 2: Three A Levels	Three A Level courses in any combination
APS: 5 - 5.9	Pathway 3: Three A Levels	Three A Level courses, excluding single Sciences
APS: 4.5 - 4.9	Pathway 4: Vocational Blend	One / two A Levels, alongside vocational courses
