Dear Families,

Introducing Splat Photo at Sandringham School

We are pleased to let you know that we will be working with **Splat Photo** during the next academic year to photograph and film a range of school activities. These will include school portraits, plays, sports fixtures, concerts and other events requested by the school.

Splat Photo will create a **secure online gallery for your child**. Once registered, you will be able to view photographs and videos in which your child has been identified. Families can access child-focused galleries through a consent-led system designed specifically for schools.

Full information about the service is available here: <https://www.splatphoto.co.uk/information-for-schools/sandringham>

Next steps: Register your child as soon as possible at [register.splatphoto.co.uk](https://www.splatphoto.co.uk/register). Registration allows Splat Photo to create your child's secure gallery. There is no obligation to purchase.

Families who would like digital access throughout the academic year can purchase Annual Access. Full details are available here: <https://www.splatphoto.co.uk/information-for-schools/sandringham>
